FARFISA MINI DELUXE COMPACT

4 ACTION PORTABLE

FARFISA COMBO COMPACT

FARFISA MINI DELUXE COMPACT

Take this lightweight with you to brighten up parties, informal shindigs, anywhere the action is. Fully transistorized, the Mini Compact provides the player a wide range of swinging music and tremendous sounds. And it takes just seconds to set up and make you a part of all the action!

Other features include: 4-octave keyboard of 49 full-size keys (C to C). 12 note Manual Bass with Bass Selector switch and volume control. Three tone stops—16', 8', and 4', give the Mini Compact the sound range of six octaves. The exclusive knee-lever Tone Booster produces tremendous edge, giving a percussive attack sound or a wow effect. The Tone Booster also functions as a convenient volume control. Swell Pedal is optional.

The Mini Deluxe Compact permits a wide choice of tone colors by using the three tone stops in conjunction with its three voice stops—Dolce, Principale and Strings.

Earphone outlet permits silent practice sessions. The Farfisa Mini Compact is truly portable. Folded, it is 32" x 18" x 7" and weighs just 48 pounds.

Although the Mini Deluxe Compact will play well with any regular amplifier, for best musical results and full impact, use either the Farfisa Super 80, the Farfisa BT 40, the Super Sabre or Sabre Reverb I amplifiers designed especially for the Compact organ.

FARFISA COMBO COMPACT

The Combo Compact belongs wherever the action is—where the busy professional entertains—where the active amateur plays or practices. It's a natural for parties and dances. It's equally fabulous at home and at recording sessions. With its unique versatility it adds a driving new voice to any combo and serves brilliantly as a solo voice—yet it blends perfectly in a relaxed sing-along with the gang.

Other features include: 61 note keyboard, including a 12-note manual bass which produces full organ pedal sounds. A 13-note pedalboard is optional. The Combo Compact is equipped with the exclusive Tone Booster for exceptional attack sounds and wow effects. The Combo also features a Swell Pedal for volume control: 4 vibrato settings; 3 reverb settings; 9 tone stops including 16' Bass, 16' Strings, 8' Flute, 8' Oboe, 8' Trumpet, 8' String, 4' Flute, 4' Piccolo and 4' String. There are Tone Booster control tabs for manual or pedal bass, soft, medium and loud volumes.

Earphone outlet permits silent practice sessions. Easy to set up for use, the Combo Compact stands 51" high, 38" long and 18" wide. Folded into its own case it weighs just 70 pounds.

Although the Combo Compact will play well with any regular amplifier, for best musical results and full impact, use either the Farfisa Super 80, the Farfisa BT 40, the Super Sabre or Sabre Reverb I amplifiers designed especially for the Compact organ.

FARFISA DUO COMPACT

This two keyboard Compact has "big organ" features as required by the most accomplished professional or soloist. Yet its amazing compactness and complete portability make it a delight for travelling. Besides being able to handle the most intricate musical arrangements and scores, the Duo Compact also provides the ultimate in excitement and versatility. The sensational Percussion effect produces a tremendous percussive sound so popular in today's music. The rhythmic Repeat feature creates an endless variety of effects, while two unique 2 $\frac{1}{2}$ ' voices enrich the upper manual and the Tone Booster section.

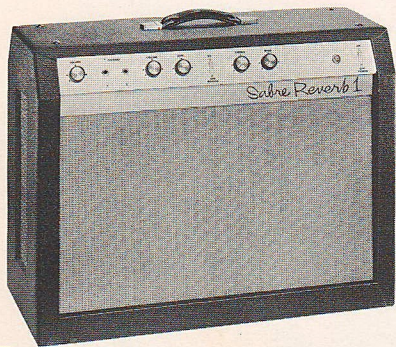

Other features include: 61 note keyboard with 13 note manual bass that is extendable to 24 keys. The 13 note pedal keyboard is optional. Special Tone Booster provides the exciting attack and wow effects. Swell pedal provides perfect volume control and expression. 4 vibrato settings. Main volume control, bass volume control, treble volume control. Separate outputs for keyboard and manual bass or pedal keyboard. Headphone outlet for silent practice.

For best musical results, play the Duo Compact with the specially designed Farfisa Super 80. The Super Sabre, Sabre Reverb I and Farfisa BT 40 will also provide excellent results when played with the Compact Power Pak, which contains the pre-amplifier and reverberation system. With the Compact Power Pak, the Farfisa Duo Compact may be played through any amplifier.

FARFISA DUO COMPACT

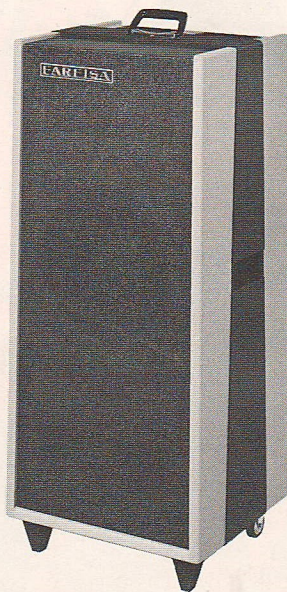

SPECIALLY DESIGNED & ENGINEERED AMPLIFIERS
FOR COMPACT ELECTRONIC ORGANS

▼ **SABRE REVERB I**

Specially designed for the modern Compact organs, this fully transistorized amplifier projects sound with more power and more bite than any other amplifier. Uniquely engineered, the Sabre Reverb I is ideal for every Farfisa Compact organ.

- 50 watts power
- 14" side-mounted heavy-duty mid-range driver horn
- 15" heavy-duty front-mounted full range speaker
- True Reverberation with full control
- Dual input, single channel operation
- Precision volume control
- Separate bass and treble controls
- Durable grey vinyl covering

▼ **FARFISA BT 40**

Straight from the Farfisa Compact organ electronic engineers, the BT 40 is for all combo work, featuring dual input operation to facilitate amplification of other instruments in a group.

- 40 watts power
- Extra sensitive 15" speaker in special reflex enclosure
- Dual input, single channel operation
- Precision volume control
- Full tone control
- Two position slide-switch for maximum treble boost
- Illuminated control panel
- Durable black simulated leather covering
- Sturdy front supports with Easy-Roll wheels on rear

▼ **CL-10 LESLIE TONE CABINET**

A big new sound for your Farfisa organ is available with this sensational new Leslie Tone Cabinet. Your music will have that big console organ sound, with richer, fuller tones, spectacular and brilliant. The sound of a Compact organ will come alive as the whirling Leslie speaker amplifies and disperses sound—dramatic, deep lows and brilliant, biting highs. With the Footswitch you can play through your regular amplifier or the Leslie Tone Cabinet, selecting either the exciting, pulsating Leslie Tremolo or the majestic, rolling Chorus Reverberation.

- Rotating Leslie Speaker
- Footswitch cuts Leslie in or out
- Convenient top access controls
- Leslie Tremolo On-Off
- Chorus Reverberation On-Off
